

NITROUS OXIDE REVIEW

INSTRUCTOR: DONALD P. LEWIS JR. DDS, CFE

3 CE HOURS | 6 PM TO 9 PM | COST: \$55

RECOMMENDED AUDIENCE:

Dentists, Hygienists, EFDA's, Assistants

SYNOPSIS:

This course is designed as a refresher course in the administration of nitrous oxide inhalation analgesia. The program involves lecture and hands-on participation. Individual experience is under supervision of the oral and maxillofacial surgeons. Participants shall demonstrate competency by earning a passing grade on the posttest. A passing grade must be achieved for continuing education credits to be awarded. This course will also have a practical participation for completion.

COURSE / LEARNING OBJECTIVES:

- Understand the characteristics and pharmacologic properties of nitrous oxide
- Discuss the indications and contraindications for nitrous oxide/oxygen analgesia/anoxiolysis
- Discuss the objectives of nitrous oxide/oxygen analgesia and anoxiolysis.
- Choose the right patient for nitrous oxide/oxygen analgesia and anoxiolysis.
- Discuss the administration technique for nitrous oxide/oxygen analgesia and anoxiolysis
